This explores the first section of the Camino Primitivo, or Original Way. Here, you embark from the capital of the Asturias province, Oviedo, and cross the Cantabrian Mountain range. With some steep sections up and down you need to fit for this. But with this great effort comes spectacular views and panoramas over the mountains before descending into the Galician countryside and finishing in the town of Lugo.

OVIEDO

You will be booked into a hotel in the heart of the town of Oviedo. The capital of the Asturias province is a wonderful place to explore. Of note is the Cathedral of San Salvador and the Cámara Santa de Oviedo within it, a vault housing the cathedral's relics that is now a UNESCO World Heritage Site. The downtown Plaza de la Escandalera and Plaza del Fontán in the old quarter are also great places to experience life in Oviedo passing by.

Day

25 km

OVIEDO -> GRADO

Our day begins at the Cathedral of El Salvador and, after leaving town, we head west. We arrive at the chapel of El Carmen in Lampajúa (Llampaxuga) and from here descend toward Ponte de Gallegos. The Camino then follows a beautiful trail along the river Nora to finish in a steep ascent to the lovely village of Escamplero. As we get closer to the river Nalón, we cross the N-634 highway, and the river itself over a bridge.

Day
3
22.1 km

GRADO -> SALAS

We begin this day with a tough start, climbing up for 5km to Alto del Fresnu. You will then enjoy a gentle downhill walk through hilly farmlands and hamlets until you reach Cornellana. Here, we recommend a visit to the monastery of El Salvador. From here to Salas, the Camino follows an upwards trajectory through more farmland and typical Asturias granaries (horreos). Finally, we approach the town of Salas on more gentle terrain.

Day
4
20 km

SALAS -> TINEO

This is a tough stage of the Camino, not because of its length (it's actually shorter than some of the other days), but because it is ascending constantly. Fortunately, most of the climb is concentrated at the beginning of the day, with the ascent gentler towards evening. Following the national road for a short while, the Camino continues on a quieter, paved path that leads us to La Espina. Here we leave the Camino Norte that continues north-west. We now enter an area around Tineo with strong Asturian character and traditions.

Day
5
29.5 km

TINEO -> POLA DE ALLENDE

This is another challenging stage of the Camino, with ups and downs throughout the day. After following the road for a short time, the Camino comes to a path descending through woodlands. Then it passes the small villages of Vega el Rey, Berrugoso, and Campiello. We finish the day with a steep descent of about 300m to arrive in Pola de Allande.

Day
6

17.2 km

POLA DE ALLENDE -> BERDUCEDO

Today begins with an ascent of almost 600m before reaching the summit of Puerto del Palo. Here, your climb will be rewarded with amazing views of the Cantabrian Mountains. This is followed by a drop of 250m on what is called the 'Camino de los Hospitales' or Hospital Road, so be prepared for slips and be careful! Finally, passing through some woods, we arrive in Berducedo for the evening's rest.

Day
7

20.5 km

BERDUCEDO -> GRANDAS DE SALIME

This is the most rewarding part of the Camino Primitivo, but also one of the hardest. We start by climbing to Aerogeneradores (wind turbines) at 1,100m above sea level, where you will get spectacular views of the Embalse de Salime (an artificial lake), the River Navia below and, of course, the mountains surrounding us! Then, it is a steep descent of 900m over just 7km of track. Finally, passing the dam of Embalse de Salime, the Camino makes its way up to town of Grandas Salime.

Day
8

25.7 km

GRANDAS DE SALIME -> A FONSAGRADA

Today the Camino starts with a steep ascent to El Acebo Pass (at an elevation of 1,050m) for some fine views of the Cantabrian Mountains. It is now time to bid our farewell to Asturias and to say hello to the traditional land of the Celts - Galicia! After passing the mountain villages of Cabreria, Fonfría, and Barbeito, we arrive in A Fonsagrada for a well-deserved rest! In the town centre stands the Fons Sacra. This town bore witness to one of the miracles of the Apostle St James, who, after being attended to by an impoverished widow, turned the water from this fountain into fresh milk for her children.

Day
9

24.2 km

A FONSAGRADA -> O CADAVO BALEIRA

After leaving A Fonsagrada, the Camino passes through A Pobra de Buron. Coming to Hospital de Montouto, we can see the actual hospital sitting on a hilltop. It is now in ruins, but was one of the last to close before the Spanish Civil War, and was probably the most important on all the mountain Caminos of Galicia. There is also a magnificent dolmen in the vicinity of the hospital. We then make our way to the town of O Cadavo, passing quaint villages such as Calzada, Degolada, and A Fontaneira. O Cadavo is the second most important town that the pilgrims on the Camino Primitivo will pass on their way to Santiago. According to local history, Alphonse II the Chaste fought the Moorish Army nearby.

Day

O CADAVO BALEIRA -> LUGO

The Camino continues through lands famous for their slate mines. This

attractive village, which retains much of its original character, is home to a number of 'Pallozas' (primitive thatched dwellings) and other buildings of interest. Then, passing by the convent of San Francisco de Vilabade, we arrive in the pleasant town of Castroverde. After Castroverde, the Camino passes the abandoned village of Soutomerille, nestled in a landscape of great beauty. Finally, crossing farmland, the Way arrives in Lugo by the Gate of Saint Peter.

Day

km

LUGO

After breakfast we bid you farewell. For the explorers, Lugo is famous for its Muralla Romana de Lugo, Roman walls constructed in the 3rd Century, and the Lugo Cathedral is also worth visiting. But you can also just follow a tapas route around the city and unwind after your journey!
