# WHAT IS THE CAMINO DE SANTIAGO?

Camino de Santiago or The Way of St. James is an ancient pilgrimage that dates back to the 9th century.

The local bishop declared the remains those of St. James the Greater, Apostle to Jesus Christ, and built a church there.

Pilgrims began walking to the resting place of St. James from their homes all over the world.

The modern Camino de Santiago is made up of nine main routes - all of varying lengths, terrain, culture and natural beauty. Hundreds of thousands of pilgrims make their way to Santiago each year.

# TESTIMONIALS

“I would like to recommend Umberto and his team at ‘Follow The Camino’. They did a fantastic job organising our main fundraising trip to the Camino de Santiago. The organisation was of excellent quality and all of our 28 travellers had a great time.

The Camino trip was an amazing experience, I know it can mean very different things to different people but there was one thing that connected us all together, and that is that it is a very unique experience, a walking holiday like no other. For me, every single frame was beautiful and inspiring as we walked. I loved the one-way nature of the Camino, which for me represents leaving the past and always walking toward future, I felt that the meditative act of walking, the nature, and the friendships we made along the way has been one of the most amazing experiences ever and it was a joy sharing it with Umberto and everyone.

Umberto and his team have been of great help during the organisation of the trip, and I got to know Umberto better as we walked together along the way. He has been very helpful and flexible during the trip supporting us all with our guide Maria Jesus. He helped make this trip special and something that we will definitely do again, as it really helped raise awareness and funds for The Rise Foundation.

Thank you Umberto, we are all deeply grateful to you for your hard work.”

Frances Black, Senator & CEO of The Rise Foundation – Ireland.

“Thank you Umberto and crew. It was an absolute pleasure to have you make our arrangements, and support us so magnificently along the way in our efforts to raise awareness for Well Ways and the need to de-stigmatise mental illness. You are all fabulous!!!! Love from “down Under”!! emoji emoji emoji ”

“CRY Ireland are happy to recommend Silvia and her colleagues in Follow the Camino.

Our team has grown since we started to work with Silvia but despite a much larger group in 2019 the excellent service and attention to detail remained the same.

The CRY #Camino trips have been an amazing experience for our walkers – some of whom have returned more than once – everyone takes something different away from the Camino and it is a unique experience that I would highly recommend. We laughed, cried, chatted and bonded over a walk that anyone can do. We’ve walked the inland and the coastal routes and each one has been a fantastic experience.

Silvia has been flexible and has met all our requirements for our group, with excellent accommodation and food. The Guides have been fantastic – a good guide is imperative and so important to the group and the experience of The Camino.”

Lucia Ebbs, CEO of CRY Ireland – Ireland.

“Purple House Cancer Support Centre has wanted to organise a Camino Trek for many years, but never knew how to go about it. When we met with Follow The Camino, all of our needs were taken care of, we didn’t have to worry about a single thing! The participants couldn’t speak highly enough of their experience and many want to return! As a charity, we would highly recommend Follow The Camino”

Conor O’Leary, Manager of Purple House Cancer Support – Ireland.
